the plans for the indoor meet to be held in the Horse Show Building to-morrow night. All the entries are in and filled out with the proper registration numbers, and Director Reilly says that there bers, and infector iselly says that there are a quarter again as many as there were for the first meet, held last year. The events will be many and varied, the most popular and exciting always being the relay races, of which there are a mostly number.

number. the entrants have been in training All the entrants have been in training steadily for the past three weeks, and from all accounts have put themselves into fine shape for the meet. Several cruck teams will be here to compete. Pennsylvania will send a fast one, as will also Georgetown, the Catholic University of America, John Hopkins, Georgetown washington and the University of Virginia. All the State and local institutions will be represented by good men, and will be represented by good men, and will be represented by good men, and the event should far excel that of last year, which was good enough in itself, considering that it was the first time the entrants had competed in an indoor meet.

Large Crowd Expected. Large Crowd Expected.

Crowds of people will be in attendance from Richmond, and many will come from Baltimore and Washington to accompany the teams coming from those cities. Woodberry Forest will probably bring a larg, delegation outside of the entrants, as that school does well in every event in which it competes. They came out well alted last year, and their friends will be on hand to see that they do as well this time.

Main Street.

Perhaps no more interest and excitement can be furnished at any series of ment can be furnished at an indoor. The glare of electric lights hubbub and noise, the handsomely dressed crowds, the cheering, and the apidly following events, lend an attrac-on that stands alone in the intense enrapidly following events, lend an attraction that stands alone in the intense enthusiasm and excitement that they arouse in the hearts of the vast audiences. Most exciting of all are the relay races, in which the runners pass before the eyes with something of all lare the relay races, in which the runners pass before the eyes with something of a kaleidoscopic effect, first one ahead and then the other, keeping one in suspense until the last runner passes beneath the flag-post and the vinner is declared. Anxiety waits upon the breaking of a record, which all sturdy arms and legs and beating hearts are attempting. Perhaps it is but an inch, or but a fraction of an inch, which less between the competitor and a record, and the straining muscles gleaming in the polished limbs form such a picturesquiscene as appeals to the heart of every lover.

BOWLING MATCH

Contest Close Until Near the End, When Lang Ran Ahead.

The second contest of the regular semiweekly prize at the Lake Alleys was rolled last night to a full house. There were sixteen of the star bowlers to conest for honors. All the boys were very close together until near the end, when Lang, who won the Tuesday night's contest, struck a winning gait and crossed the line with 105, which also gave him the night's prize. The contest will take place every Tuesday and Thursday nights at the Lake Alleys. The following were the scores and players in last night's

AT SKATING RINK.

Interesting Races Scheduled For To-Night.

To-Night.

Much interest is being shown on every hand in the contests among the local skaters to be pulled off at the roller rink at Idlewood to-night.

The first event promises to eclipse any juvenile race ever held here, and the competition between the youngsters is intense. Taylor, who has formerly been the master of all the younger skaters, has several worthy opponts to reckon with. several worthy oppoents to reckon with, and two of them, Ford and Hancock, will

several worthy oppoents to reckon with, and two of them. Ford and Hancock, will be opposed to Frazier and Taylor in the pursuit race to-night. On the occasion of their recent onemile contest Ford distanced Taylor, who made claims of a damaged skate. This match will doubtless settle the question of supremacy between the two, and much interest is being shown in the outcome.

The last race, a fifteen-minute endurance contest, open to everybody, will be one of the most amusing as well as interesting events of the kind ever held here. The field of starters promises to be large, and as a handsome prize goes to the participant having the most laps to his credit at the end of the time limit, those entering can be relied on to do their best.

their best.

The eight Cornalias will offer a most interesting symmastic carnival all next week on the floor of the rink. Performances will be given at 5 P. M. and nights at 9:30.

BURGOMASTER" AT TOP WEIGHT

Vosburgh Places His Penalty at the Top of the List-127 Pounds.

ACCOUNTANT COMES NEXT

Weights Were Allotted to Seventy-Eight Runners for the Brighton Handicap.

NEW YORK, January 24 .- W. S. Vos-

burgh, the official handleapper of the Jockey Club, announced yesterday the for the Brighton Handleap of \$25,000. This is the richest of the big mile and a quarter handicaps in the metropolitan district. It will be run in all probability on July 13, the first Saturday of the mid-summer meeting of the Brighton Beach Racing Association. Harry Payne Whitney's Burgomaster is

Harry Payne Whitney's Burgomaster is at top weight, with 127 pounds, and the weights scale down to Bright Boy, which gets in with 87 pounds. Weights were allotted to seventy-eight horses.

The Brighton Handleap is one of the three big mile-and-a-quarter specials, of which the Brooklyn and Suburban are the others. The entries to each were much the same, and as the weights will differ only a pound or two the allotment for the Brighton practically force. differ only a pound or two the allot-ment for the Brighton practically fore-casts the weights for the two others, which will not be announced until Feb-

raary I.

Racing folk have been looking forward to the announcement of the weights ever since the entries closed, carly this month. There is now something definite to figure on, and it marks the turning point of the long closed season when those who do not follow the thoroughbreds to New Orleans and California find the time hangs heavily on their hands. From now on, however, there will be something to think and talk about, which seems to bring the opening of the season nearer.

A cursory study of the weights indicates that Mr. Vorburgh has provided race-goers with one of those puzzles for which he is famous. It may be that some astute handicapper will find a flaw

A cursory study of the weights indispersion of the property of

Daniel is ranked one pound better than De Mund and Fountainblue, which have 102 pounds each. James R. Keene's Court Dress, which suffered only one defeat last year, is assigned 101 pounds. The weights in full follow:
